## Choc Walk

The Choc walk is a very important event in our troop history. It is in memory of Joyson on behalf of our scouts who was in

donating \$85, you got to take a walk in Disneyland for a great cause. All of the proceeds go to Choc Hospital in

of the scouts were trying to get the most high fives from the staff members. Scouts were laughing and talking to

the Hospital when he was doing his board of reviews. So, after

Orange County and for the kids who cannot afford health care. Many

each other and having a great time on the walk.

## Long Term Bike Ride

For the Long Term Bike Ride, these scouts and adults trained very hard to get there to be able to survive on this trip. And It was not an easy thing to do. It took a lot of effort

and training rides for little mileage and then building up to the longer and harder ones. The Long Term Bike Ride was no easy feat that any regular person could just do, it took a lot of

dedication and time to get there.
